

JASON TWYMAN

IT SUPPORT SPECIALIST | HELP DESK | SERVICE DESK

San Clemente, CA | jasontwyman_84@yahoo.com | [linkedin.com/in/jasontwyman](https://www.linkedin.com/in/jasontwyman) | github.com/jasontwyman

PROFESSIONAL SUMMARY

Security+ certified IT support candidate with hands-on osTicket, Windows Server, and Active Directory labs. Brings 8+ years of physical-security operations and leadership, including incident intake, escalation, documentation, and customer communication.

TECHNICAL PROJECTS

- **Help Desk & IT Support Lab** — Configured self-hosted osTicket with seven synthetic ticket records and five troubleshooting runbooks; completed three Active Directory support exercises and documented findings and user communication.
- **Active Directory Home Lab** — Deployed Windows Server 2025 AD DS and a Windows 11 domain client; configured users, groups, OUs, DNS, and Group Policy; validated secure-channel health, client policy application, and SMB drive access.
- **VirtualBox Lab Networking** — Configured isolated internal networks for Windows and Linux virtual machines; checked IP addressing, DNS resolution, domain-controller discovery, and service reachability.

TECHNICAL SKILLS

Lab Systems: Windows 11 | Windows Server 2025 | Active Directory | Group Policy | DNS | VirtualBox

Tools: osTicket | Jira Cloud | Ticket Management | Microsoft Office | Wireshark | Nmap

Support Practices: Account Troubleshooting | Ticket Documentation | Knowledge-Base Writing | Escalation

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

CompTIA Security+ (SY0-701) | Google Cybersecurity Professional Certificate (Google / Coursera)

Cisco CCNA — Currently studying

PROFESSIONAL EXPERIENCE

Security Officer II | Vast

Jan 2024 – Present

Hawthorne, CA

- Handle physical-security incidents and access concerns at an aerospace facility; gather facts, follow procedures, and route issues to the appropriate stakeholders.
- Monitor access-control and surveillance systems; escalate system and procedural issues through established channels.
- Write incident reports and communicate findings to management while protecting confidential information.

Security Officer | Aegis Security & Investigations

Aug 2022 – Jan 2024

Culver City, CA

- Investigated physical-security incidents, documented findings, and coordinated with emergency responders and law enforcement when required.
- Provided professional service in time-sensitive situations while following established response procedures.

Site Supervisor | Allied Universal

Feb 2016 – Jul 2021

Ontario, CA

- Supervised 50+ security officers at Amazon Air and Home Depot logistics facilities; managed scheduling, performance, compliance, and operational communication.
- Trained personnel on incident documentation and response procedures; maintained records and reinforced consistent execution.
- Conducted controlled physical-security assessments, identified procedural gaps, and delivered corrective training.
